

# HOW TO ACCESS MASS OVER YOUR TELEPHONE

**Dial 03331133012**

**You should hear a welcome message from Fr Gary**

**When prompted enter the meeting code 40478747# (room number)**

**When prompted again enter 1866# (pin code)**

**Please then wait and as mass starts you will hear every word spoken by the priest**

Please note the following;

- If your phone includes bundled free national calls, then you will not pay a penny on your phone bill, it will be like ringing any other number. Many providers offer free calls over the weekend.
- You will need to press the # (hash) symbol on your phone after putting in the numbers above.
- It will help having a phone that can do speakerphone mode as of course holding a receiver to your ear for an hour might be a little uncomfortable.
- Before mass starts the line will be muted, it may sound like it is not working. Do not worry, as soon as mass starts you should hear everything said by the priest.
- If this is successful, we would be happy to offer it on a daily basis, provided there is sufficient interest.
